...family owned since 1923!

www.jettandcompanyinc.com

My grandfather started this business over 80 years ago selling war surplus goods to local businesses. In 1953, Jett & Company began to broker imported goods, acting as a public warehouse, on the waterfront in downtown Norfolk. By 1955, the company had doubled in size and my father started his lifelong career with Jett. Now, we have almost 25 employees, two locations, and we're looking forward to another 80 years of growth in Virginia.

Page Jett, owner

***Abmast Abrasive Corporation
